It's been a great spring season for our club: in April the annual Smoke & Mirrors show was a great success with all of the proceeds going to the BURN CHILDREN RECOVERY FUND. Thanks to our seven performers and crew of miracle workers who pulled off the two shows without a hitch. Followed two weeks later by a most entertaining lecture by BOB SHEETS (below Lf.), executing precision chaos to roars of laughter. Then at our May club meeting we had a special treat as LOUIE FOXX gave an intimate hour-long mini-lecture on the topic of "Family Magic". A week after that, NWRF sponsored a lecture by TROY HOOSER (below Rt.), with some impeccable coin work, followed with some intriguing cards and ropes.

May club meeting, was not just a mini-lecture. . .we also had another chance to beat the Librarian's Challenge with an answer to a trivia question regarding the publication punctuality of Geni magazine. A report of the competition at Kramien revealed that two of our members did very well, with Payne taking first place in Stage and Close up. And Joe winning third place in close up, at the show as well. There was also some planning for a summer picnic to occur towards the end of July.

We're told that fellow who had the accident at the upholstery shop. . . his recovery has been difficult, but staff are hoping to remove any wrinkles that stand in the way of his complete recovery soon...
