

## THE NORTHWEST RING OF FIRE

The Lynnwood Magic Club \ I.B.M. Local 339

# THE PASTEBOARD

### What's Up!

May's meeting was an absolutely splendiferous and fantastic gathering of local magi.

So much transpired on that evening that my head is still reeling from the enormity of it all.

Our President Bruce Meyers was in fine form, wheeling and dealing all night long. He whizzed through the business portion of the meeting in record time so as not to delay getting to the all-important magic portion of the evening.

Many of the membership came forward to demonstrate their uncanny magical abilities and several performed the selections that they had submitted for the Ring 339 Parade which appeared in that month's issue of The Linking Ring.

All in all a great time was had by all.

Be sure not to miss the next meeting.

### Mecca of Magic

Our sister club to the south held its annual Mecca of Magic earlier this month and it should be noted that none other than Philemon Vanderbeck (who is once again among the living) won the coveted Best Performer award beating out a gaggle of other fine performers.

### A Letter of Interest

Dear Mr. Meyers,

My name is Allison Chin. I'm trying to start this recreational therapy program called Project Magic at the University of Washington Medical Center. Basically, this program uses the recreation of magic tricks as physical and mental exercises for patients - it's a good supplement to the traditional approach, because it helps to fine tune motor skills as well as improve self-esteem and social skills. If you'd like to learn more, I suggest you visit David Copperfield's web site

For this type of program to work, I need the support of

the magic community! I was wondering if any of your peers may be interested in this opportunity to give back to the community.

Thank you for your time and consideration!

Allison Chin
